We pride ourselves on using the best fresh (and organic where possible) local produce (we even produce our own extra virgin olive oil in our farms outside Heraklion). Moreover our wine list features several small, local organic wine makers, not forgetting the wide variety of Greek and International premium produce also offered.

Galaxy Hotel offers a range of food and beverage facilities that satisfy even the most demanding palate. From our extensive breakfast buffets to gourmet à la carte dining and all-day casual dining, the Galaxy is renowned for culinary excellence.

Vetri Restaurant

This magnificent restaurant filled with streams of natural light coming through its glass windows -the inspiration for its name- and with a view of the hotel water oasis, invites you to a unique fine-dining experience. Our chef, drawing his inspiration from the vast gastronomic treasures of Crete, adds a daring touch to traditional dishes, creating delicious flavours worthy of even the most demanding palate.

Pool Bar

Indulge in delicious dishes and drinks poolside. Our natural wood and stone pool deck is specially designed for casual comfort, making it one of the most sought out places in the hotel. Light meals, casual dining and exotic cocktails are served here daily.
